

# Town of Conception Bay South

## ENVIRONMENTAL STATEMENT

The Town of Conception Bay South recognizes environmental protection as one of our guiding principles and a key component of sound municipal operations. We are committed to providing quality municipal services in a manner that ensures a safe and healthy workplace for our employees and minimizes our potential impact on the environment.

This statement will be reviewed at least annually.

The Town of Conception Bay South will strive to:

- Lead and inspire actions to conserve, protect and enhance the environment for the entire community.
- Integrate environmental considerations into all decisions and approvals relating to growth, planning, infrastructure, transportation and development.
- Acknowledge that climate change will impact existing infrastructure and development and the Town may have to adapt operations and practices accordingly. New infrastructure and development should be planned in anticipation of future changes in climate.
- Encourage citizens to reduce their environmental impact and contribute to enhancing community sustainability.
- Continually seek out new ways to improve environmental performance, meet environmental goals and contribute to community sustainability.
- Develop and implement strategies to prevent pollution, protect the natural environment, reduce waste generation, and respond to climate change issues.

Environmental sustainability is an integral part of the Town of Conception Bay South everyday business. In order to promote environmental awareness, this statement will be communicated to all employees and they will be encouraged to work in an environmentally responsible manner.
