**Terms of Reference
Land Use Impact Assessment Report (LUIAR)
1 Pattys Arm Road**

The Town of Conception Bay South has received an application to subdivide 1 Pattys Arm Road and construct two new dwellings. The property is located within the Residential Medium Density (R-2) zone and one proposed dwelling would be within the Moderate Geological Hazard Vulnerability area identified by the Town’s Municipal Plan.

Any proposed residential development within the Moderate Geological Hazard Vulnerability area must be assessed to evaluate the level of hazard risk, taking into consideration the susceptibility of the proposed development to storm surges, erosion or flooding, and any other potential impacts of the proposal. The assessment must be in the form of a Land Use Impact Assessment Report (LUIAR). Section 4.15(5) of the Town’s Development Regulations requires the Town to provide opportunity for the public to review the terms of reference for a LUIAR.

The Town invites feedback from the Community on what should be required in the LUIAR. The draft terms of reference for the LUIAR is available at www.conceptionbaysouth.ca or by contacting the Town. The Town will accept feedback until **2 p.m. on Wednesday January 3, 2024.**
