

## Keeping Our Community Clean

The Town of Conception Bay South strives to provide effective, efficient waste collection programs for residents while keeping our workers safe.

### Did You Know?

- Waste is collected four days a week – Tuesday to Friday – to allow for less disruption during statutory holidays.

- The Town has a two-stream recycling program – plastics and fibre. There is no limit to number of bags collected.
- Collectors use highly visible stickers for incompletion which may include

items such as the condition of a garbage box, materials for disposal, bag limit and recycling item separation.

### Fines of up to \$1,000 may be applicable.

- Free bulk waste drop-off is offered at dates throughout the year at Stony Hill Park (behind Recreation Complex).
- Garbage boxes are the leading cause of occupational health issues for waste collectors.
- **A new regulation takes effect August 1, 2016 requiring the mandatory covering of garbage.**

### By The Numbers ...

- A waste collector lifts approximately 9 tonnes of waste per day.
- The maximum weight for a garbage or recycling bag is 40 lbs.
- The tipping fee for garbage is almost 3.5 times higher than recycling per tonne.
- Bulk waste pick-up by appointment offered throughout the year with a \$25 fee. The service is free for residents over the age of 60.
