**Notice of Proposed Changes to the  
Conception Bay South Development Regulations  
to allow Personal Service Uses as Home Based Businesses  
in Residential Areas at the Discretion of Council**

The Town Council of Conception Bay South is considering amending the Conception Bay South Development Regulations to allow personal service uses including barbers, hairdressers, beauty or tanning salons, esthetician salons/spas or other similar uses as Home Based businesses in residential zones. The proposed changes would only allow those businesses at the discretion of Council where the business is limited to a single service provider who must be a resident of the dwelling, that the business generates no more than two overlapping client visits and there is adequate off street parking available on the property. The proposed changes would also require that Council provide public notification of any such businesses and consider any objections that may be presented to Council from the public.

Details of the proposed changes are enclosed.

Before proceeding with these proposed amendments to the Development Regulations, the Town Council of Conception Bay South wishes to receive any comments or representations on this matter. Anyone wishing to make a comment, objection or representation should submit a written statement no later than 2:00 p.m. on **Thursday, November 23, 2017**. Written submissions can be emailed to [planning@conceptionbaysouth.ca](mailto:planning@conceptionbaysouth.ca), faxed to 834-8337 or submitted in person or by mail to Town Hall, 11 Remembrance Square, P.O. Box 14040, Stn. Manuels, Conception Bay South, NL, A1W 3J1.

## **Purpose**

The Conception Bay South Development Regulations came into legal effect on July 20, 2012. The Development Regulations allow home based businesses as “Home Occupations” throughout the Town where those businesses do not create a negative impact on adjacent residential uses. However, barber shops, hairdressing, beauty and tanning salons similar uses are specifically not permitted as home based businesses. Council would like to change the Development Regulations in order to allow such personal service uses at the discretion of Council.

There are a number of barbers, hairdressers, and similar businesses operating from homes on Conception Bay South, and have been since before the Conception Bay South Municipal Plan and Development Regulations, 2012 came into legal effect. The proposed amendment would remove a cloud of uncertainty that hovers over those businesses that have been operating since before 2012. Council also believes that small scale barbershops, hairdressers, beauty and tanning salons do not pose a significant impact to residential neighborhoods in terms of increased traffic, parking, noise, fumes and other potential nuisances. The Town believes that these uses may be more compatible than some other home based businesses that could be approved under current regulatory controls. For example, the Conception Bay South Municipal Plan allows Council to consider small scale manufacturing businesses that include storage and activities within accessory buildings as home based businesses.

Therefore, Council is willing to consider allowing barbershops, hairdressers, beauty and tanning salons as home based businesses where the business is limited to a single service provider who must be a resident of the dwelling and the business generates no more than two overlapping client visits.

## **St. John’s Urban Region Regional Plan**

The St. John’s Urban Region Regional Plan (Regional Plan) identifies Conception Bay South as a sub-regional centre. Upon installation of municipal services, the Regional Plan encourages a wide range of residential densities, a variety of commercial operations, parks and recreational facilities and other uses that are characteristic and appropriate for a sub-regional centre.

Allowing a broad range of Personal Service Uses as Home Based Business within Residential zones in Conception Bay South complies with the policies of the Regional Plan.

## **The Conception Bay South Municipal Plan**

The Conception Bay South Municipal Plan came into legal effect on July 20, 2012. This amendment complies with the intent and policies of the Conception Bay South Municipal Plan. Specifically, section 4.3.25(2) of the Municipal Plan encourages home based businesses within dwellings as accessory uses so long as they are compatible with adjacent uses, are not generally visible, and do not generate noise, odour, dust or traffic in residential neighbourhoods.

Additionally, the policies associated with areas designated as Residential Low and Medium Density within the Municipal Plan allow home occupations. Policy 5.2.3(11) of the Municipal Plan further allows home based businesses, including personal service uses, in all residential designations of the Municipal Plan. Barbershops, hairdressers, beauty and tanning salons are included within the examples of personal service use class established within Schedule A of the Conception Bay South Development Regulations. The changes to the Conception Bay South Development Regulations proposed within this amendment therefore complies with the intent and explicit policies of the Conception Bay South Municipal Plan.

## **Consultation**

In accordance with section 14 of the *Urban and Rural Planning Act, 2000*, notices seeking feedback on the proposed amendment were published in the **November 8<sup>th</sup> and 15<sup>th</sup>, 2017** editions of *The Shoreline* newspaper. A similar notice, and the proposed amendment, was also published on the Town's website and circulated through the Town's social media presence on Twitter and Facebook.

The Town determined that this consultation opportunity was reflective of the size, structure and complexity of planning issues under consideration and provided reasonable opportunity for interested persons, businesses and community groups to comment on the proposed amendment.

As a result of this consultation, **XX / no** verbal inquiries or written submissions were received by the Town.
