

# HELICOPTER HANGAR PROPOSAL FOR SEAL COVE

## Public Meeting

The Town of Conception Bay South is considering amending the Town's Development Regulations to include transportation uses as a discretionary use in the Rural (R) zone.

Long Harbour Holdings Inc. has submitted an application to construct a small helicopter hangar to be used operationally from May to October, and as an aircraft storage and maintenance facility from November to April, between Lears Road and Cemetery Road, Seal Cove.

The public meeting will cover:

- Rationale for building the hangar
- Potential impacts on local residents
- Benefits to the area
- Construction of building

This is a great opportunity for the public to offer input on the development of this area.
